

Sarah Rigby
Hong Kong

Born and raised in the UK, Sarah was 46 years old and living in Hong Kong when she was diagnosed with GBM in 2011. Treated at the Queen Mary Hospital in Hong Kong and fortunate enough to receive DCVax-L for the past 12+ years, Sarah is grateful to be alive and in 2019 helped found the PVW Brain Tumor Foundation, a charity in Hong Kong set up to support patients plus their families and caregivers. A passionate patient advocate, Sarah uses her science background and experience as a teacher to raise awareness and spread the message of remaining positive and having hope.

Ms Sarah and Ms Lynda have been enjoying a good quality of life for more than 10 years after their GBM diagnosis and treatments. They will share the wisdom they have learnt from their patient journeys especially, the power of hope.

Topic: Sharing by Long-Term GBM Patients

Topic: Panel Discussion - How to Empower Hope in Patients and Caregivers with More Aggressive Conditions
